

# EYE ON GREEN/SUSTAINABLE PRODUCTS

## THE BOREALIS PRESS ▲

The Borealis Press says, "The greenest use of paper is to print something worthwhile." In addition, their greeting cards, magnets, and jotter books are made in the USA on recycled, chlorine-free paper, which puts no dioxins into the mill waste. 100% vegetable inks. Safe press wash eliminates the most toxic part of printing. 100% wind-generated power. [www.borealispress.net](http://www.borealispress.net)

## BAMBOO STUDIO ▶

Bamboo Studio's all-occasion dinnerware line features a full range of eco-friendly products, including plates, bowls, utensils, and more. Each one is handcrafted from 100% natural bamboo sheaths. They can be hand-washed for reuse and will fully biodegrade within 100 days of being placed in an active landfill. Live beautiful. Live green. [www.ecobambooware.com](http://www.ecobambooware.com)

## ANTHRO CORP.

Anthro Corp. has a very active Green Team as part of its corporate culture. The Green Team's mission is to shrink Anthro's carbon footprint through everyday actions. This committee has been active at Anthro since 1994 and continuously strives to improve its efforts. [www.anthro.com](http://www.anthro.com)

## ◀ CHICOBAG

ChicoBag's eye-catching designs get your campus excited about sustainability. All customized ChicoBags compact into a pouch that can easily fit in your pocket or purse. The pouch also has an attached carabiner that conveniently clips onto a backpack. ChicoBag's exclusive design is the key to encouraging your students to reuse their signature university ChicoBags for years to come. [www.chicobag.com](http://www.chicobag.com)
